

Elonex Car Showcase & VIP Entertainment

This unique vehicle is a perfect display showcase for a vehicle whilst also acting as a great entertainment platform with its roof-top terrace with a capacity for 60 guests.

The vehicle specification includes;

- On-board 20 KVA generator
- Hydraulic handrails
- Gull-wing viewing windows x2
- Attachable viewing platform with steps & handrails
- Power points
- Premium flooring
- Retractable staircase

Elonex LED Hospitality Vehicle

This stunning LED vehicle is one-of-a-kind. It features integrated HD screens, an on-board generator, hydraulic safety rails and it is certified to carry up to 60 passengers. It has been used as a vehicle in the Olympic Games Torch Relay.

The LED screens can also be removed and decking can be attached to the sides of the vehicle to create the perfect VIP Hospitality space at the track or the music arena. See image below.
